Right: Dan Cocco, President and daughter Tracy Hill, CFO/Office Manager of Cocco Construction Company, Inc.

Cocco Construction Company is a family owned and operated asphalt paving and concrete construction company that has been primarily serving San Diego County for the past 40 years. They offer a wide array of services including asphalt paving and maintenance, concrete paving and repair, ADA compliance, parking lot striping, parking lot re-sealing, excavation and trenching, demolition, saw-cutting and core-drilling.

Cocco Construction Company also offers the industries most experienced crews, supported by the best equipment technology available. Dan Cocco is the company's owner and president and he has been dealing with Nixon-Egli Equipment Co. for many years. "The time had come for us to add another new paver to our fleet and there was no question that it was going to be another LeeBoy," says Cocco. "We went with the LeeBoy 8510 C and this is our fourth LeeBoy paving machine."

The LeeBoy 8510 C paver features the Legend 815HD electric screen that offers a seamless mat with adjustments on the fly. It also comes standard with a heavy-duty, manually adjustable crown and valley mechanism and dual vibration system. Part of what makes the LeeBoy 8510 C so easy to operate is the dual lever joystick steering control, located on both sides of the machine. For those that prefer standard hydraulic operating controls, that is available onboard as well.

Dan points out that his company's scope of work calls for smaller, more versatile pavers that can perform well in tight quarters. "We go with the LeeBoy for its ease of operations and transport. The set-up is quick and easy and our crews really know how to get the best from these machines," says Cocco. "I have worked with Nixon-Egli and Allen Hahn for many years and just can not say enough about their tremendous support staff for everything from sales to parts and service," says Cocco. "Also, Allen Hahn is a fellow Marine and we Marines stick together. We look forward to dealing with Nixon-Egli and LeeBoy for many more years."
