J.V. Lucas Paving, Inc. is a fourth generation paving company that prides itself on providing exceptional asphalt paving solutions to the greater bay area. The company has been paving commercial, light industrial, city municipalities, as well as residence driveways, tennis courts and private roadways for more than 60 years. Their staff of 15 employees consists of long-term, experienced individuals, whose specialized tasks have contributed greatly to the firm's overall growth.

J.V. Lucas Paving, Inc. takes pride in operating and maintaining the most reliable, state-of-the-art equipment available. They have turned to and depended on Nixon-Egli Equipment Company for their paving equipment needs for more than 25 years. During this time period, they have owned 12 LeeBoy paving machines, the latest of which, a LeeBoy 8515C, was just recently delivered.

Jim Lucas is the owner of J.V. Lucas Paving, Inc. and has successfully guided his company through the toughest of times. "Obviously, since we have owned more than 20 pieces of equipment from LeeBoy, we are of the opinion that the LeeBoy brand is the best manufactured in the mid-sized class," said Lucas. "We're really excited about our new LeeBoy 8515C that we recently added to our fleet in accordance with our CARB compliance plan. The new Tier 4i engine has given us more opportunity on projects that require its use, plus we are happy to continue our progress toward an environmentally friendly green fleet."

The new LeeBoy paver offers much more than just compliance however. "Our operators enjoy working the LeeBoy 8515C because of the machine's power, operator station and most importantly the beautiful mat the Legend screed puts down," continues Lucas.

J.V. Lucas Paving, Inc. and Nixon-Egli have developed and maintained a great business relationship and share a long history of success partnering together. Denny Johnson has been their Nixon-Egli sales representative for over 23 years. "Denny is an extremely knowledgeable salesperson that we know we can count on. He is great at trouble-shooting and meets any challenge with a swift solution," adds Lucas. J.V. Lucas Paving, Inc. and Nixon-Egli Equipment Company are living testaments that excellence and trust always equals longevity in today's business world.
