

# NIXON-EGLI EQUIPMENT CO., WIRTGEN AND PREMIER PAVING, INC.

Premier Paving, Inc. specializes in full asphalt reconstruction, asphalt overlay, patching, seal coating, striping and ADA upgrades. Established in 1989, Premier Paving's work is focused primarily on commercial properties, shopping centers, homeowner associations and public works projects. They proudly serve all of Southern California from their Ontario headquarters.

Steve Prescott serves as Superintendent for Premier Paving, Inc. and one of his many

*Premier Paving's new Wirtgen W 120 CFI milling machine purchased from Nixon-Egli Equipment.*

responsibilities includes the acquisition of heavy equipment and machinery. "We recently purchased a new Wirtgen 120 CFI milling machine from Nixon-Egli," says Prescott. "This is our second Wirtgen milling machine from Nixon-Egli and it was our positive experience with the first 120 that led us to upgrade to their newest technology." According to Prescott, the other Wirtgen 120 is now 10 years old, but it is still working strong out on the jobsites. "We go with Wirtgen for the reliability and the simple fact that it is so user friendly," says Prescott. "Another important detail is that the Wirtgen has minimal downtime. That saves us money and every dollar counts in this business."

Premier Paving, Inc. and the Prescott Family have worked with Nixon-Egli Equipment Co. for many years. "I have known Allen Hahn for more than 20 years. He is extremely knowledgeable, a good person and an honest salesman," says Prescott. "Nixon-Egli has always been there for us and have always followed through on their promises. It also helps that they are located in Ontario, like we are, and that makes any necessary service or parts runs a breeze. We look forward to continued growth with Nixon-Egli in the future."
